

E4 GuardProxy Summary

E4 GuardProxy Summary

Key Findings

qwen7b gains significantly under guard (+0.349), while mss-ai shows a slight regression (-0.012) — consistent with the hypothesis that MSS’s built-in axioms conflict with external guard instructions.

Data

qwen7b	0.687	0.952	+0.349
mss-ai	0.771	0.859	-0.012
